

Flxtite Pizza Capper Film

The Flxtite APZ grades of polyolefin shrink film are individually boxed, deli-counter-sized, and easy to tear film sheets on a roll. These extremely clear and glossy rolls are designed for shrink packaging of freshly made uncooked pizza at Supermarkets, Delicatessens, Pizzeria shops, and also for use by caterers for shrink packaging of deli trays.

NEW FLXTITE APZ PIZZA CAPPER FILM

- Seals in and tightly contains moisture, freshness. Keeps pizza warm even after 20 minutes.
- Seals out air and odor. No stale crust. Eliminates cheese molding.
- Doesn't cling-pulls away easily. Toppings stay in place.
- Superior optical properties-keeps products appealing and appetizing.
